This dental clinic is great!! I have been visiting this clinic for years now and Corina and the ladies at the front have always been welcoming, courteous, and accommodating. The dentists and hygienists have also been awesome. Specifically, I have had a great experience with Dr. Lee, who aside from being patient, have always walked me through the process and explained what was happening in detail. All in all, I highly recommend this place!

Great work.
Thank you to all staff for your kindness.
It's nice to know I have you to rely on. Thanks 👍

I was looking for some good Dentist in Kitchener, my friend recommended Dr Upma from Fairway Dental Clinic. I am thankful to my friend. Dr Upma is expert in her work. I have got my RCT done from there. My experience was wonderful. Dr Upma did it very nicely. Staff is also very nice. Very clean and hygienic environment. If you are looking for a good dentist, Go and visit Dr Upma at Fairway Dental Clinic.

I can honestly say this place is by far the best place I have ever gone. First off the receptionist let me tell you she is the definition of perfection. She goes above and beyond with appointments, insurance, information. She really makes the whole experience for me. Then there is the wonderful staff. I have had root cannels done here and I left knowing I got the best of the best. Even getting my teeth cleaned was amazing. Highly Highly recommend especially if your nervous about dentists. These ladies do the most.

Fairway Dental Clinic has the best staff who are always putting a smile on my face and they are all super friendly. They have been my most favourite dental office that I have a been to. The receptionist is always super funny and sweet, and the dental hygienists are always making sure you are comfortable when they are working on your teeth. 10/10 recommend to visit Fairway Dental if you are looking for a dentist.

I am very happy with my experience here at Fairway Dental Clinic. I highly recommend. The receptionists are very friendly and are easy to talk to.I had an emergency with my tooth and when I called them they helped me right away. The dentist is professional and did an amazing job with my teeth. Now I gain my confidence and my smile back. Very Satified customer here!

The place looks always clean and despite their busy schedule they always manage to provide you with lots of options for your appointments. They follow guidelines to prevent covid spread which I appreciate really. They always greet you cheerfully, something really important since you are freaking out because lets face it, every dental procedure hurts hahaha so you need as much good vibe as possible hahahaha
It's a nice place with friendly staff. Super recommended.

My 95 year old father needed emergency dental care. Corina at Fairway Dental was absolutely amazing in working with me to set up an appointment. When we arrived, everyone at Fairway Dental was so caring towards my father. My father received exceptional service. I was very pleased with the entire experience.

I went to the fairway clinic yesterday and I had my root canal procedure. I'm really satisfied with their outstanding service and it's really incredible the way they approach you and have an amazing staff. Especially with Dr. Upma and her assistant, they were really kind and gentle through the whole process and they answer every question clearly and explain it to you until you get it. They are definitely worth visiting!!

I had a fear of dentists..procedures, etc. I ended up here after an emergency. And it's been 2 years with having my dental work completed here by Dr. G.
The staff are amazing and personable. I would recommend and do recommend people to go to this clinic if they are in need of comforting and professional care. They have the best team!

I have a huge amount of dental anxiety and I have avoided dentists off-and-on for years. I came to Fairway Dental because I had broken 2 teeth and was full of panic - I cried on my way to the office and through the first bit of the appointment. BUT - everyone was so kind, gentle, and repeatedly checked-in on my comfort throughout the appointment. I felt in control of what was happening. They explained everything they were doing and why and how it would feel. There was absolutely no pain whatsoever. I surprised myself by booking an exam and cleaning afterwards and that appointment went so well, too. Dr. Upma and Olfat might be actual angels. The receptionist whose name I wish I had gotten (and will update once I do) was welcoming, friendly, and processed everything quickly for me. I won't lie: it's going to take me a while to feel comfortable with dental appointments, but I am absolutely on my way. I am so grateful for the friend who recommended Fairway Dental.
